

**Pre-Laced Hoisting Grips
for Coaxial Cable Applications**

1165 PR G (Pg. 1 of 2)

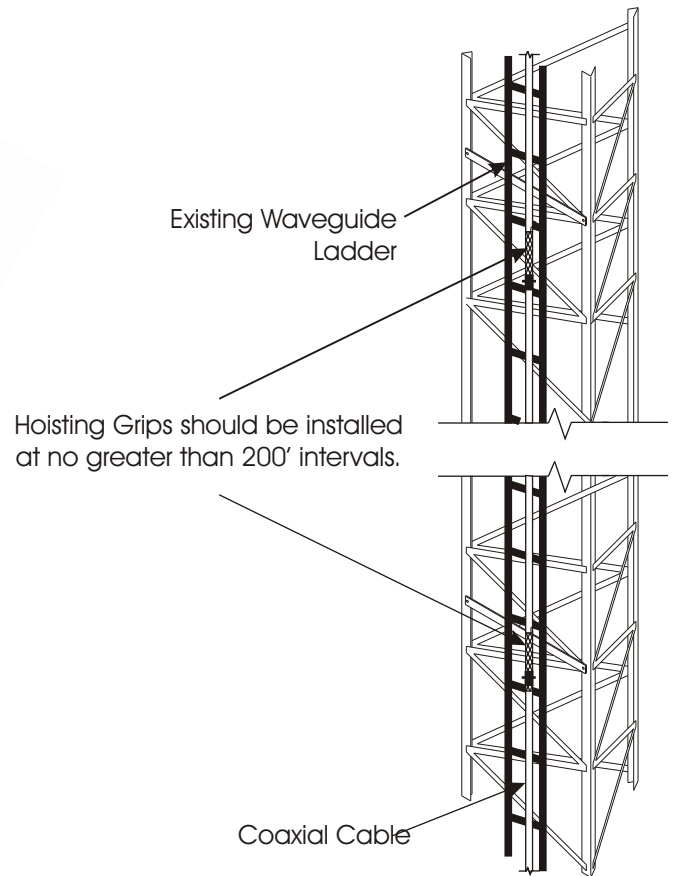

PRODUCT DESCRIPTION

Pre-Laced Hoisting Grips provide an effective means for hoisting coax into position. Each kit includes a stainless steel Oetiker® Clamp which reinforces the holding power of the grip and prevents cable slippage.

TYPICAL APPLICATIONS

**Stainless Steel
OETIKER® Clamp**

NOTE:

Once the cable is hoisted into position, hoisting grips should be fastened to the structure to provide support for the cable. It is not recommended that hoisting grips be reused due to possible hoisting grip failure.
