### Description

EWG950-00040-00 2-port wall mountable Waveguide low pressure distribution manifold, dual scale psi/mbar pressure gauge, 3/8" Push-To-Connect input connector, (2) 3/8" Push-To-Connect output connectors, and schrader purge valve.

### General Specifications

- |                              |                          |
|------------------------------|--------------------------|
| • Distribution System:       | Manifold                 |
| • Mounting:                  | Wall                     |
| • Port Quantity:             | 2                        |
| • Connection Size:           | 3/8" PE Tube             |
| • Connector Type:            | Push-To-Connect Fittings |
| • Regulated Output Pressure: | 0 - 3 psi / 0 - 200 mbar |

### Dimensions and Weight

- |                        |                            |
|------------------------|----------------------------|
| • Product Height:      | 5.87 in                    |
| • Product Width:       | 8.02 in                    |
| • Product Depth:       | 3.46 in                    |
| • Mounting Holes Size: | .200 Dia. (for #10 screws) |
| • Assembly Weight:     | 3.0 lbs                    |

### Environmental Data

- |                      |                |
|----------------------|----------------|
| • Temperature Range: | -20°F to 180°F |
|----------------------|----------------|

### Additional Parts

- TBD
